Home Watch

Roger Blake gave a report of the reported incidents occurring within the area. Most incidents occurred outside the Parish area with the exception of the theft/deception in Tiverton. A man posing as a Tree Surgeon forcible removed money from a local man's possession. Additionally it was expressed we should be aware that there was a bogus Water Official reported in Malpas and residents of Tiverton need to be extra vigilant when dealing with all trades people and service providers.

It was agreed that Roger Blake should organise a cascading system of communication with the village home watch team. This can be organised by using E-mail or telephone for reporting incidents.

Planning Applications

Shady Oak had a retrospective planning application for an under-covered seating area. It was agreed to write to the planning office and express concern that it is retrospective and the construction is not in keeping with the surroundings. It would also be stated that the Parish Council would be in favour of an extension to the facilities but in the right style. **Action Cathy Day**
