

Safety For Kids

To anyone with kids old enough to have their own mobile phone.

Download the HOLLIE GUARD APP for them. If they are walking home late or alone, they can switch it on and you can trace them.

If someone approaches them and they feel unsafe they can shake their phone.

This sets off a high pitched alarm from the phone and, at the same time, messages an alert to you (or whoever's number is entered as guardian)

THIS IS FOR ANYONE TO USE SO PLEASE DO NOT THINK IT IS ONLY FOR KIDS
